Information on how to make a claim

Before making a claim, please access and review the associated IQOS User Guide, and quick self-service support available on the website above.

To make a claim under this voluntary warranty, you can access 24/7 our online diagnosis tools or contact Customer Care number above during their opening hours.

Ensure that you have your proof of purchase to make a claim. Registration of your product serial number and date of purchase on the website above for your relevant market is recommended for faster service, without presenting a proof of purchase. If you choose not to register your product, please ensure you have your proof of purchase before making a warranty claim. The warranty claim may be refused if the proof of purchase is not available, has been altered, or is illegible.

Where applicable, in the absence of the proof of purchase or product registration, the company reserves the right to voluntarily apply the warranty duration starting from the manufacturing date of product in question based on its own records.

Customer responsibilities for voluntary warranty support

When making a claim under this voluntary warranty, you must:

- Follow the support procedures specified by the service provider (problem determination, resolution, product return);
- In case of replacement, return the defective product as instructed by the service provider;

- In case of replacement, before returning the defective product, remove any customization accessories purchased separately from the product.

Other terms

When an exchange is carried out, any replacement of the defective item becomes your property, and the replaced item becomes the property of the entity performing the exchange. The replacement part or repair may not be new, but it will be in good working condition and at least functionally equivalent to the original. The replacement of the defective device or component must be warranted for the remainder of the original product's warranty period. The information you provide will be used as described in the consumer privacy statement at www.pmiprivacy.com.
